Good Morning Conni...

Thanks for spending some time with me yesterday. We both share the same interests on this one and should be able to facilitate its resolution. As you can see, the applicant's representative called Angela and left a message for her yesterday as we discussed. When he and I spoke he reaffirmed the viability of any of the 3 alternatives we discussed from the owner's perspective. I'm hoping for a break-through today. We've all spent way too much time on it already. Talk soon.

Don,

Left a message with Angela and will let you know what she says.
